

Kerrick Wet & Dry High Reach Gutter Vacuum - 2 Motor

This commercial-grade wet and dry vacuum features 2 x 1000w motors and is designed for cleaning gutters and roof areas. Built on an ergonomic tipping trolley, it reaches up to 9m safely using lightweight carbon fibre poles.

The Skyvac Industrial 85 quickly eats away at moss, mud and debris that builds up over time in gutters, making it ideal for heavy duty use on domestic and commercial properties, retail outlets, factories, schools, offices and hospitals. Removing the need for ladders, scaffolding and cherry pickers (which are time consuming and OH&S risks), the SkyVac gutter vacuum system allows work to be carried out at extreme heights by simply attaching the relevant poles and nozzles to the vacuum hose.

The kit also includes a wireless camera and monitor for accurate cleaning, carry case, crevice tool, steel dirt breaker, and tapered tool ends with 135 and 180 degree angle tool holders.

The Kerrick SkyVacuum Industrial 85 provides safe and easy gutter vacuuming solutions on a commercial and industrial scale.

- Designed for cleaning gutters and roof areas
- Commercial grade wet and dry vacuum reaches up to 9m safely
- Includes wireless camera and monitor for accurate cleaning 2 x 1000W motors
- Ergonomic tipping trolley design
- Longer hose lengths available
- Includes Wireless camera, Monitor, Lightweight carbon fibre poles, Carry case, Crevice tool, Steel dirt breaker, Tapered end tools with 135 and 180 degree angle tool holders

Includes:

- Wireless camera and monitor
- Lightweight carbon fibre poles and carry case
- Crevice tool
- Steel dirt breaker
- Tapered end tools
- 135 and 180 degree angle tool holders
