

Cold Water Pressure Washer on Roll Frame - 1500psi / 11LPM

The EI1511 electric pressure cleaner is a compact single phase industrial machine, developed for the construction and hire industry in Australia. The pressure cleaner has many great features including a heavy duty roll over frame with folding handle to protect the machine from accidents, a slow speed motor, heavy duty pump and optional turbo lance. It also allows easy access for maintenance and servicing. The compact heavy duty nature of this pressure cleaner makes it highly mobile and ideal for hire companies and contractors in the industrial water blasting industry.

- This high pressure washer is ideal for the construction, and hire industries
- Compact design and easily manoeuvrable
- Heavy duty roll-over frame with folding handle to protect the machine from damage
- Thermal protection valve
- Brass cylinder head pump
- Flexible coupling drive between pump and motor to prevent heat transfer
- Slow spinning motor
- Heavy duty pump
- Easy access for maintenance and servicing
- Manual (EI1511) or automatic (EI1511CW) stop/start
- Optional turbo lance

Includes:

- Swivel Gun and Double Lance with Nozzle
- 10m 3/8 inch Double Braided Hose

• Standard equipment
