

Hot Water Pressure Washer - 4000psi / 18LPM

The Hot2Go SK40005VH is a truly versatile machine. It can be trailer or truck mounted to work for you, right where you need it.

An efficient industrial duty electric-start Vanguard engine provides power to the pump and 12V diesel burner so no electrical supply is needed. The large, high capacity, 1/2" SCH 80 coil is stainless steel wrapped and heats the water up to 120°C. You will experience extended run times with the large 30L petrol and diesel tanks. Industrial rated, belt-drive triplex plunger pumps for superior performance and longevity. The unloader is remotely mounted allowing for easy maintenance and has an external bypass loop to keep the pump running cool. Burst disc and pressure relief valve for operator safety. A full cage frame with lifting eye protects your machine from damage. Requires Group 24 550 CCA battery, not included.

Picture shown may not represent model quoted

- Commercial / industrial, electric start Vanguard petrol engine
- Rugged powder coated steel frame with balanced lifting point
- Safety pressure release valve and safety burst disk
- 2 large 30L petrol and diesel tanks for long run times without refuelling
- External bypass loop keeps pump running cool
- Triplex, ceramic plunger belt drive pumps
- Adjustable thermostat up to 120 degrees celcius
- High capacity 1/2 inch SCH 80 steel coil
- Remote mounted unloader for easy maintenance
- One year commercial warranty

Includes:

- Gun/Wand assembly
- 15m HP Hose with Quick Connects
- Colour Coded QC Spray nozzles
