

### Pressure Pro Super Series Hot Water - Direct Drive 4000psi / 15LPM

The heavy duty protective frame is a rugged powder coated medical grade steel roll cage with lifting hook and flat-free tyres with threaded axels for easy transport and portability. Vibration dampeners provide less wear and tear on other components.

Featuring a super efficient insulated schedule 80 coil - the coil design utilises robotic welding for consistent flow and heat rise. Regulated by burner control box, adjustable thermostat and high limit over temp protection.

Other features include safety pressure release valve, reliable beckett burners, stainless steel coil wrap, and premium poly diesel fuel tank with fuel filter, all backed with a one year commercial warranty.

The Pro Super Series Four Wheel Direct Drive is a mobile hot water pressure cleaner with premium CAT pump, and Honda GX390 motor with electric start. The triple belt drive system results in balance transfer for high efficiency and output.

Picture shown may not represent model quoted

- Premium CAT direct drive pump.
- Honda GX390 motor with electric start.
- Rugged powder coated steel roll cage frame with lifting hook and flat-free tyres with threaded axels.
- Vibration dampeners provide less wear and tear on other components.
- Super efficient insulated schedule 80 coil - the coil design utilises robotic welding for consistent flow and heat rise.

Includes:

- Gun/wand assembly with insulated grip and quick connects
- 15m high pressure hose w/quick connects
- Maxi-Flo 20% chemical injector assembly w/quick connects
- 4 color-coded QC spray nozzles
- 1 color-coded QC chemical nozzle
