## JETVAC MAJOR

### World's Biggest Single Phase Boiler

Large 5 Litre boiler, 15 Litre water storage, and 15 Litre detergent tank allows the Jetvac Maxi to clean more areas, in less time. It produces a massive steam volume of 97 grams per minute.

### Detergent and H2O Injection

The machine comes with H2O and detergent injection features for high quality deep steam cleaning and deodorising.

### Bigger Vacuum Tank

The Jetvac Major has a 14 Lt vacuum drum allowing for lengthy cleans.

## Radames Tool Kit for Every Job

Our robust and durable accessories allow you to complete hundreds of cleaning tasks. No nook, cranny, grout or crevice will go untouched.

## Total Control

At the flick of a switch, the hand controls allow you to choose between steam pressure flow, water / detergent injection and vacuuming.

## Self Cleaning Powerhouse

At the heart of every great machine is the boiler. This boiler automatically shakes off and breaks up dirt to self clean.

## Jetvac Major

### Overview

- Steam Vacuum Generator
- Automatic Refilling System
- Injection of Detergent and Water Vacuum
- Stainless Steel Chassis
- Cleaning Applications include general steam and vac cleaning for food and beverage factory, graffiti removal, gum removal, automotive, conveyor belt cleaning and more.

CODE: J100100

#### SUITABLE ACCESSORIES: RADAMES KIT

The Radames kit is our steam tools and accessories kit.
